

Simply Beautiful.

Long-lasting color. Simple to choose. Simple to use.

42 Warm Season

This whimsical container features some of the most unique foliage plants and ornamental grasses. The plum-colored Petunias, Angelonia and Pentas add an extra-special splash of color to a combo that already attracts lots of attention. These plants are very heat and drought tolerant, but perform the best when watered frequently.

10 to 12 in. (25 to 30 cm)
