Warm Season

Petunias from the Ride The Wave family always make a big "splash" when it comes to combination plantings! The spreading habit of Easy Wave allows the other plants in this container to grow up and out so that you get a full view of each plant's beauty. Keep the soil moist so the Petunias and Colocasia can thrive.

10 to 12 in. (25 to 30 cm)

1 Black Magic Colocasia
